This report reflects the basic information as reported from the Centers with removal of duplication of service event records and is considered foundational to quality improvement efforts at the Department.

**Update:** This report is available at each CMHC Regional Login Page under the "Reports (all regions)" drop-down listing. While this annual version is currently available, a second version

is being developed to include the ability to drill-down to a month's data. The monthly version will be posted at the same site when it is ready.
